Travis Porter

She say I got her goin round in circles  
And she ain't tryna wait in line

She say I got her goin round in circles  
And all I do is waste her time

She say I got her goin round in circles  
Shawty just so fine

She say I got her goin round in circles  
Just so I can make you mine

Damn, shawty you fine  
And I got you runnin round in circles in yo mind  
I would give you a second  
But right now I have no time  
Like I'm related to the sun  
Baby I gotta shine  
Yeah, so I ain't ready to settle down  
And everytime she bring it up  
I shut her down  
And plus we makin too much chedda now  
And all the girls on the front row are lookin better now.

And she said that she wanna get to know me betta and she said that she hopin  
we can grow togetha  
But I don't think that me and you can go together so baby girl do what you k

She say I got her goin round in circles  
And she ain't tryna wait in line

She say I got her goin round in circles  
And all I do is waste her time

She say I got her goin round in circles  
Just so I can make you mine

Baby girl I gotta thang for you,  
But I can't force myself to buy a rang for yu.  
Shawty caught the love bug.  
And love is a tough drug,  
But it's for scrubs  
We go round and round and round we go.  
Been there like the ship sank,  
Down we go.  
Just to break up  
One day you gon wake up  
And understand that you just my side line  
Baby  
And I know time flies baby  
But one day we can be together  
Lilike maybe  
But you don't gotta be in line

Cuz you to fine  
No I ain't tryna wast yo time

She say I got her goin round in circles  
And she ain't tryna wait in line

She say I got her goin round in circles  
And all I do is waste her time

She say I got her goin round in circles  
But shawty just so fine

She say I got her goin round in circles  
Just so I can make you mine

I been to all typa place  
I seen all typa faces  
And you keep on sayin you wantsta be my lady  
That's crazy  
Goin thru all these mazes  
Until you tired of chasin  
An you say you wantsta have all of my babies  
That's crazy  
I may not be the man that you love  
Say she wants me to be her mista lova  
Want me to be the man that you leave  
But there's one thing that ya just don't get  
An that's this

And she said that she wanna get to know me betta and she said that she hopin  
we can grow togetha  
But I don't think that me and you can go together so baby do what you think  
is betta

She say I got her goin round in circles  
And she ain't tryna wait in line

She say I got her goin round in circles  
And all I do is waste her time

She say I got her goin round in circles  
But shawty just so fine

She say I got her goin round in circles  
Just so I can make you mine
