Slow

I told her cut the lights low, turn on the stereo  
Take your clothes off, leave on the radio  
Come sit close to me, this how it's supposed to be  
We can drink a lil drank, smoke a lil weed, pop a pill  
It's whatever she want it don't matter to me  
She scream like... when she get on top of me  
When I get it from the back, when I hit it from the side it ain't no stoppin  
g me  
And she don't want him she just want me well pimp that's obviously  
We doing it slow, it's early in the morning a quarter to 4  
She teasin' me, teasin' me as she drop it low  
Ain't tryna move fast baby let's go

Slow motion

Girl you fast why don't you give me that  
Slow motion  
Hop on this dick baby girl give me that  
Slow, slow motion

Come and tap my body, yeah my body calling  
I hear what it's saying by the way your body talking  
When I move my body slow do it make you want me more  
The way you moving on that pole make me wanna break you off and ohh...

It's sunday night, coolin' it at home  
Shawty hit my phone, said she's home alone  
Told her to come on, she know I wanna...  
Then I sent a deal, couple shots of patron  
So my mack right she said she will go down if I act right  
Who knows, she blows it down like a bag pipe  
You know you a pro and that's a fact right there

And we can do it slow motion, motion  
You know what I need...  
And we can do it slow motion, motion  
That's what I need
