

# Can I Trust You With My Heart

Travis Tritt

When you meet that certain someone  
You've been searchin' hard to find  
It's a new love full of passion  
That can sometimes make you blind

I don't mind bein' swept away  
If I know right from the start  
So before we go much further, girl  
Can I trust you with my heart?

In the time we've spent together  
I have learned to trust in you  
So many things you've given  
Before I even asked you to

But reality and romance  
Are sometimes far apart  
So what I really need to know is  
Can I trust you with my heart?

Can I cast my cares upon you?  
Can you stand a heavy load?  
Can I count on you to walk me  
Down that long and winding road?

If you promise me  
These simple things  
I can guaranty  
You can always count on me

Can I cast my cares upon you?  
Can you stand a heavy load?  
Can I count on you to walk me  
Down that long and winding road?

When two hearts solely surrender  
And are sworn to understand  
It completes a perfect union  
Between a woman and a man

So please don't misunderstand me  
I don't want to go too far  
Without knowing just one answer  
Can I trust you with my heart?

Please, girl  
Give me just one answer  
Can I trust you with my heart?  
Please
