

# Just Too Tired To Fight It

Travis Tritt

Here comes that same old memory  
Like a movie in my mind  
You told me you loved another  
Then you drove off through the pines  
And I swear it feels like yesterday  
Though it's been a long, long time  
I can still feel those cold chills  
Runnin up and down my spine

And I've been fighting back the memories  
I've been fightin back the tears  
And I'm fightin back the hurt I still feel  
After all these years  
If I had the strength I'd fight  
To make things like they were before  
But I'm just too tired  
To fight it anymore

Everyday my heart reminds me  
How I boldly spoke those lines  
I can get along without you  
And I'm gonna be just fine  
But the nights alone grew colder  
Than I ever thought they'd be  
And I spend every hour searchin  
For what you took out of me

And I thought time would overcome the torture  
But instead I'm getting weaker everyday

Yeah  
Whoa...  
I've been fighting back the memories  
I've been fighting back the tears

And I'm fighting back the hurt I still feel  
After all these years  
If I had the strength I'd fight  
To make things like they were before

But I'm just too tired to fight  
There ain't no way to hide it  
I'm just too tired to fight it anymore  
Yeah, I'm just too tired to fight it anymore
