

The Girl's Gone Wild

Travis Tritt

Callin all girlfriends, spring break weekend,
Meetin at the Taxaco.
Wine coolers, six packs, cigarettes and tic-tacs,
Fill it up and hit the road.
Passin around the Cosmo, wearin out the cell phone,
Make it to the beach by ten.
Flip flops and lip gloss, bikini tops and cut offs,
Baby let the games begin.

Girls gone wild, reality TV style,
Just miles and miles of those girls gone wild.
Breakin hearts usin daddy's credit card,
Momma hollers stop that child,
Don't you know the girls gone wild.

They're lookin real pretty down in Panama City,
They're dancin down in New Orleans,
Cancun, Cozumel, gettin down an raisin hell,
Livin every bad boy's dream,

Viva Las Vegas, gettin outrageous,
Crusin down the L.A. strip,
They loaded in a limo hangin out the window,
Let's wind it up and let it rip!

Girls girls girls gone wild. (girls girls girls gone wild)
Girls girls girls gone wild.

Sally sue and Tamera, smillin for the camera.
Dolla met a doctor from LSU.
Alli Ann and Amy went a little crazy.
Ridin home sittin on a new tattoo.

Girls girls girls gone wild. (girls girls girls gone wild)
Girls girls girls gone wild.
