

The Road To You

Travis Tritt

I spent years chasing after a restless wind calling out my name
I was wild eyed and crazy with a spirit that could not be tame
I had no direction Lord knows that I've been lost a time or two
But Faith was there to guide me to lead me down the road to you

There've been other women but all they did was occupy my time
There was always something missing but until you I thought I'd
never find

Thought I knew what I was looking for looking back I didn't have a clue

All the love that was waiting at the end of the road to you
It was worth the tears and the long and lonely years that I went through

I'd relive the pain for the happiness I've gained

In all the love that I've found in you

And when I hold you in my arms there's nothing else in the world I'd rather do

I just close my eyes and thank the Lord he led me down the road to you

It was worth the tears and the long and lonely years that I went through

I'd relive the pain for the happiness I've gained

In all the love I've found in you

I spent years chasing after a restless wind calling out my name
