

# As You Are

Travis

capo III

1. Everyday I wake up alone because i'm not like all the other boys

and ever since i was young i had no choice  
but it's OK to lead me on  
i must admit it's not much fun  
to be led on by such a one  
as you are, as you are, as you are

2. and ever since i woke up i felt the net was lifting me out of the sea

and even when i'm sinkin' i feel the need  
but it's OK to lead me on  
i must admit it's not much fun  
to be alone with such a one  
as you are, as you are, as you are  
yeaaaaaaaaaaaaaaaaaaaaaaaaah

3. and ever since a long time

i felt the rain  
and there was no danger  
and no more strangers  
as you are
