

## City in the Rain

Travis

If you find the time to get away  
Opportunity may come your way  
You can take a bus or catch the train  
Let me tell you now you'll want to stay  
Sky was brown  
Trees were green  
Birds all sang a song in vain  
City in the rain (x3)  
We were sitting in the  
Sitting in the city in the rain

Won't you tell me what you came to see  
Came to see the university  
I trust you had a very pleasant day  
Actually it wasn't quite that way  
The sky was brown  
Trees were green  
The birds all sang a song in vain  
City in the rain (x3)  
We were sitting in the  
Sitting in the city in the rain  
Oh what fun we had  
The weather wasn't that bad  
There just is no sun  
Oh no here it comes

If you find the time to get away  
Opportunity may come your way  
You can take a bus or catch the train  
Let me tell you now you'll want to stay  
The sky was brown  
The trees were green  
The birds all sang a song in vain  
City in the rain (x3)  
We were sitting in the  
Sitting in the city in the rain
