

## Funny Thing

Travis

A funny thing to do  
Is everyone like you  
'Cause people seldom change  
They all just stay the same  
A funny thing to say  
Suppose you're just that way  
Although you're sure you're sure  
There really is no cure  
A funny kind of way  
A funny kind of day  
You're funny all the time  
Do you want a piece of mine  
'Cause I've seen it all before  
When you're closing all the doors  
It's not funny anymore  
A funny thing to do  
Because the sky was blue  
You ran away for good  
'Cause no one understood  
The funny things you said  
Because the sky was red  
It all went to your head  
Because the sky was red  
A funny kind of way  
A funny kind of day  
You're funny all the time  
Do you want a piece of mine  
'Cause I've seen it all before  
When you're closing all the doors  
It's not funny anymore  
A funny thing to do  
Is everyone like you  
'Cause people seldom change  
They all just stay the same
