

Funny Thing

Travis

A funny thing to do
Is everyone like you
'Cause people seldom change
They all just stay the same
A funny thing to say
Suppose you're just that way
Although you're sure you're sure
There really is no cure
A funny kind of way
A funny kind of day
You're funny all the time
Do you want a piece of mine
'Cause I've seen it all before
When you're closing all the doors
It's not funny anymore
A funny thing to do
Because the sky was blue
You ran away for good
'Cause no one understood
The funny things you said
Because the sky was red
It all went to your head
Because the sky was red
A funny kind of way
A funny kind of day
You're funny all the time
Do you want a piece of mine
'Cause I've seen it all before
When you're closing all the doors
It's not funny anymore
A funny thing to do
Is everyone like you
'Cause people seldom change
They all just stay the same
