

Luv

Travis

What's so wrong
Why the face so long
Is it over
And where you going that
You no longer belong here
And distance tells you that
Distance must come between love
Where have you been luv
When the mistake we made
Was in never having planned to fall in love luv

Singing this song
Singing along
Makes it easier for me to see you go
But in doing so
In letting you go
It only serves to show me
That I'm still in love with you

Singing this song
Singing along
Makes it easier for me to see you go
But in doing so
It only serves to show me
That I'm still in love with you

So what's so wrong
Why the face So long
Are you changing
And where you been to that
You no longer remember
And distance tells you that
Distance must come between love
Where have you been luv
It's just the chance we took
Having never ever planned to fall in love luv
It's just the chance we took
Having never ever planned to fall in love luv
It's just the chance we took
Having never ever planned to fall in love luv
