

Re-offender

Travis

Keeping up appearances
Keeping up with the Jones'
Fooling my selfish heart
Going through the motions

But I'm fooling myself
I'm fooling myself

'Cause you say you love me
And then you do it again
You do it again
And you say your sorry's
And then you do it again
You do it again

Everybody thinks you're well
Everybody thinks I'm ill
Watching me fall apart
Falling under your spell
But you're fooling yourself
You're fooling yourself

R:

But you're fooling yourself
You're fooling yourself
