

## Where Is The Love?

Travis

Outside in  
Songs we've shared  
We don't care  
Where is the love  
Now we regret nothing yet  
Don't forget  
We must get some love

Now I'm not saying love is gone  
But I'm afraid that everytime I read the paper  
Watch the TV  
There's not a lot of love anymore  
Or could it be that simple  
Or could it be that bold

Now I'm not saying love is blind  
But I'm afraid that everytime I read the paper  
Or watch the TV  
There's not a lot of love anymore  
Or could it be that simple  
Or could it be that bold

Outside in  
Songs we've shared  
We don't care  
Where oh where is the love
