

Without You

🎵 (Trax)

1st verse

Even though you are very far away
She is the one who followed me everywhere
I always walked by her side

This is like a miracle
And it is so easy to miss

In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
The one who changed my life
Is you

2nd verse

Before all beautiful things start to disappear
I would like to see them again

The wind will carry me to unexpected places
So I don't know where I will end up

In the end, you are always there
As long as we breathe, I am not alone
The one who made me live forever

Of course

My life is like this hot sun
I can see anywhere, and I may live a very long life

In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
You changed my life

In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
You made me live forever

Without you...
