

Factory Girl

Treat Her Right

Waitin' for a girl she's got curlers in her hair
Waitin' for a girl she's no money anywhere
She take busses everywhere
Waitin' for a factory girl

Waitin' for a girl with her legs much too fat
Waitin' for a girl she wears scarves instead of hats
Her zip broke down her back
Waitin' for a factory girl

Waiting for a girl and she gets me into fights
Waiting for a girl we get drunk on Friday night
She's a sight for sore eyes
I'm waitin' for a factory girl

Waitin' for a girl she's got stains all down her dress
Waitin' for a girl and my feet are gettin' wet
She ain't come out yet
I'm waitin' for a factory girl
