

Jesus Everyday

Treat Her Right

Aw blacks and blondes wild in the street
Six oclock news half the world's got nothing to eat
But you were a young man, fought in a good war
Now you look around and wonder who you were fighting for

Still there is one thing that can't be denied
Reach out your hand he will walk by your side
From the hell we have made here all the way to Peter's gate
Talk about Jesus, Jesus everyday

Got a place down in Florida, been there since fifty two
Now it's practically a foreign country, all the spics and jews
Niggers and ingrates, that's what taxes are for
White shoes, welfare, Cadillacs, every kind of whore

Still there is one thing they can't take away
You've got your bible, you've got your faith
In the fire of this time, some will be saved
I'm talkin' 'bout Jesus, Jesus everyday
Jesus everyday

Thank God there is one thing that can't be denied
Reach out your hand he will walk by your side
From the hell we have made here all the way to Peter's gate
I'm talkin' 'bout Jesus, Jesus everyday
Jesus everyday
I'm talkin' 'bout Jesus, Jesus everyday
Jesus everyday

Talkin' 'bout Jesus
Talkin' 'bout Jesus
Jesus
Talkin' 'bout Jesus
Jesus
Jesus
Jesus
