

All For Love

Treat

I was lost, looking out for a place to hide
Tried to make all the pain that I felt subside
Thought I had nothing left when you found me
Then you taught me what love was all about
Now I can't live without

I do it all for love
There's nothing I wouldn't go through
And you are the one I'm dreaming of
And I do it all for love

All the gold in the world doesn't mean a thing, no
When compared with an ounce of the joy you bring, yeah
Cause as long as the planets are turning
And as long as the stars are burning bright, yeah
I be by your side

I do it all for love
There's nothing I wouldn't go through
And you are the one I'm dreaming of
So let me show you
I do it all for love
No matter what it may lead to
Cause I put my faith in stars above
And I do it all for love

I would do anything to be near you
There's no end to the length I would go to
I don't care if I'm out of my way, cause I

I do it all for love
Ooh baby
And I do it all for love
Oh yeah
I do it all for love
There's nothing I wouldn't go through
And you are the one I'm dreaming of
So let me show you
I do it all for love
No matter what it may lead to
Cause I put my faith in stars above
And I do it all for love

(I do it all for love)
All for love
(There's nothing I wouldn't go through)
You are the one I'm dreaming of
So let me show you
I do it all for love
