

They say  
What you want ain't always what you need  
You gotta pay your dues before you get the lead  
But baby that ain't just the way it's gotta be  
Cause your life didn't come with a moneyback guarantee

I'm ticking like like a timebomb kicking up a sandstorm  
gonna show the world I'm ready  
I'm spitting in the headwind going off the deep end  
go baby go  
If you want it go  
If you need it go  
If you like it go get it  
If you wanna know  
You gotta go and just go and just go and just  
Go and get it

You know what you see ain't always what you get  
And no ones gonna help you place your bets  
So baby if you chose a oneway don't look back  
Keep your head up high and mind set on the track

I'm speeding in the fastlane  
Climbing up the foodchain  
taking all the consequences  
I'm dancin on the hot coals  
Making up my own rules  
I'm ticking like like a timebomb  
I'm kicking up a sandstorm

Doesn't matter where you're coming from  
you still have the chance to carry on  
only you can tell the right from wrong
