## **In Your Way**

## **Treble Charger**

What I heard yesterday does not disturb me now Its nothing much to speak of much less say theres something wrong I know it what I saw yesterday set my teeth on edge what I could bide before was no more than a reason ahead what would you like to say its all been done its all been done youll find nothing in your way its all been done its all been done what I knew yesterday seemed enough at the time should've guessed the way you left and didnt mind that I meant to hurt you what would you like to say its all been done its all been done youll find nothing in your way its all been done its all been done
