## **The Downward Dance**

## **Treble Charger**

Everybody gather round Come and listen to me You wanna know what I know You wanna see what I see

Pay you money and you take your chance When you decide to do the Daownward Dance Never even given half a glance Try one more time

Something happens all the time You're gonna like it's a scene Wouldn't miss it for the world If you know what i mean

Pay your money and you take your chance When you decide to do the Downward Dance Know you'll be a slave to circumstance When you go into the Downward Dance Never even given half a glance Try it one more time I'll make it right

Now the lights are down And darkness surrounds So you can't see me

Pay your money and you take your chance When you decide to do the Downward Dance Know you'll be a slave to circumstance When you go into the Downward Dance Never even given half a glance
