

Sympathy

Tremonti

Now I've found a space between
And in here I still believe
That the path we walked is still
Right here if I find the will
I've chased the greater good
And I've always understood
When I take my final stand
I will proudly face the end

Sympathy my friend
Abandon me again
Their empty minds we'll read em
Their frozen hearts we'll feed em
Honesty my love
Again now you're gone
Let's take these wounds
And throw em all away
Away

I hope that I find it still
I've tried and I always will
I'm lost until I see this place
It speaks words that I can't erase
All the years that I've had to wait
They have all that I had to take
But it can't change the way I feel
'Cause I know what I seek is real

Sympathy my friend
Abandon me again
Their empty minds we'll read em
Their frozen hearts we'll feed em
Honesty my love
Again now you're gone
Let's take these wounds
And throw em all away
All away

Grown oh so tired I'll always chase a dream
Pulled by something inside
Led by the light I always fail to reach
How it calls, how it pleads, how it shines
Where are you now my friend
Where could you be my friend oh
Where are you now my friend
Ohhhh

Sympathy my friend
Abandon me again
Their empty minds we'll read em
Their frozen hearts we'll feed em
Honesty my love
Again now you're gone
Let's take these wounds
And throw em all away
Throw 'em all away!
