

Stay by me

Trent Dabbs

Have you lost your place, are you far from safe
I'll meet you where you are, I'll find you in the dark
If you walked away from everything
I'll meet you where you are, I'll meet you where you are.

Just stay by me
Stay by me
Just stay by me
Stay by me tonight

Can we cache the stars from where we are
Just staying in the dark a million miles apart
While the world goes by and become to night
being close to your kiss
and everything I missed

Have you lost your place, are you far from safe
I'll meet you where you are, I'll find you in the dark
If you walked away from everything
I'll meet you where you are, I'll meet you where you are.

Just stay by me
Stay by me
Just stay by me
Stay by me tonight.

Have you lost your place, are you far from safe
I'll meet you where you are, I'll find you in the dark
If you walked away from everything
I'll meet you where you are, I'll meet you where you are.

I'll find you in the dark
I'll find you in the dark.
