

## Until You Won Me Over

Trent Dabbs

Why you gotta look so sad  
Why'd you pick today  
Don't talk yourself out of this  
We're all afraid

They say it comes when you don't look  
So I'll help you look away  
You always try to make me smile  
Let me do the same

Oh I was given the sunlight  
A thousand chances to live a sweet life  
Oh I cut all my loses  
I thought I lost you

Until you won me over  
Until you won me over... darling

I'll live off the hope I find  
To talk to you all night  
And we'll put all the stars together  
And make them line

Running circles in the wind  
As we're falling free  
I'm never looking back this time  
Just stay with me

Oh I was given the sunlight,  
A thousand chances to live a sweet life  
Oh I had cut all my loses  
I thought I lost you

Until you won me over  
Until you won me over...  
Darling ... darling

Oh I was given the sunlight,  
A thousand chances to live a sweet life  
Oh I had cut all my loses  
I thought I lost you

Until you won me over  
Until you won me over... darling
