

# Never Stop Running

Trentemøller

Say goodbye to your friends,  
Say goodbye to your family  
I'm gonna lock the door behind me  
And get down what's in front of me

Oh I had some time to think  
We've gotta live before we die  
Before we die

I have to tell you that I don't know how to give it up  
And I don't know where I'm going  
And if I don't feel it in the air,  
And I don't know who I am

I don't know how you're contempt with everything  
It's been too long, and I need something to overwhelm me  
And tell me how do I control a restless heart and a restless soul

Oh I had some time to think  
We've gotta live before we die  
Before we die

Never stop running  
Never stop running  
Never stop running  
Never stop running

Never stop running  
Never stop running  
Never stop running  
Never stop running

Never stop running  
Never stop running  
Never stop running  
Never stop running

Never stop running  
Never stop running  
Never stop running  
Never stop running

I have to tell you that I don't know how to give it up  
And I don't know where I'm going  
And if I don't feel it in the air,  
And I don't know who I am  
And don't have a home to run to  
And I don't even care  
And all the things that I have gone through  
I still don't know who I am
