

## Empty House

Trey Anastasio

Love went away, went away  
Went away, went away, went away so soon  
Love went away, went away  
Went away, went away, went away so soon

Love went away, went away  
Went away, went away, what am I to do?  
Now that love went away, went away  
Went away, went away so soon

She went away, went away  
Went away, went away, went away so soon  
She went away, went away  
Went away, went away, went away so soon

She went away, went away  
Went away, went away, what am I to do?  
Now that love went away, went away  
Went away, went away so soon
