

Sweet Dreams Melinda

Trey Anastasio

Roses float across the water, and the ice is slowly
melting next to you
In our hideout down by the boathouse, lonely days are
through
'Cause when you walked into that room, I've never seen
two eyes so blue

Sweet dreams Melinda, the summer days we knew
Laughing down by the water, sweet dreams to you

Went from Charlotte all the way to Savannah, laughing,
your feet up on the dash
Stumbled through the yellow lights of Toledo, and the
rain was falling fast
Flew from Boston down to Tulsa, Oklahoma, in a dream
above the clouds, in a dream above the clouds

Sweet dreams Melinda, when summer days are through
I'll think of you on those long lonely nights, Sweet
dreams to you

And time after time, I go back to that morning
And the water's so fine, sweet dreams Melinda

Sweet dreams Melinda, The summer days we knew
laughing down by the water, Sweet dreams to you
