

Alone

Trey Songz

Shawty we been sippin' on bub
And I done had enough
Let's get up out this club
Cause I'm tryna get you
Alone alone alone
You alone alone alone
Shawty we been flirtin' all night
And once we outside
Can I offer you a ride?
Cause I'm tryna get you
Alone alone alone
You alone alone alone

Twinkle twinkle little star (star)
Over there standing by the bar
Would you mind if I came to where you are?
Where you are?
When I look in your eyes girl your tellin' me yes
And when I look at the way your booty poke outta that dress
Nah nah girl don't try to hide it
I'm on my way over there stand right beside it
I wanna know how you doin'
What's ya name
Girl this chemistry we share is so insane
Girl you know whats happenin'
Me and you just laughing
Plus my phone done died so put your number on this napkin

Shawty we been sippin' on bub
And I done had enough
Let's get up out this club
Cause I'm tryna get you
Alone alone alone
You alone alone alone
Shawty we been flirtin' all night
And once we outside
Can I offer you a ride?
Cause I'm tryna get you
Alone alone alone
You alone alone alone

Beautiful, Gorgeous,
I ain't tryna buy your time I can't afford it
What I'm tryna do is paint a pretty portrait
Me and you a chariot ride with horses
I done came a long way
From white tees and forces
And as a man I understand we can't force it
But if I walk you outside where the Porsche is
I'm tryna take you back home to my fortress

Woman take my hand
Tell me whats your name
Girl this chemistry we share is off the chain
Tell me what you think
You and I been laughing
Baby girl I'm asking

For a night of passion

Shawty we been sippin' on bub
And I done had enough
Let's get up out this club
Cause I'm tryna get you
Alone alone alone
You alone alone alone
Shawty we been flirtin' all night
And once we outside
Can I offer you a ride?
Cause I'm tryna get you
Alone alone alone
You alone alone alone

All I'm thinkin'
How can we get
Alone alone alone
(Just you and me baby)
Alone alone alone
(Just you and I)
And once I get you I'm a kiss you
I'm a touch you cause your softer than some tissue
When you leave me I'm a miss you
Gotta get you alone
Alone alone alone

Shawty we been sippin' on bub
And I done had enough
Let's get up out this club
Cause I'm tryna get you
Alone alone alone
You alone alone alone
Shawty we been flirtin' all night
And once we outside
Can I offer you a ride?
Cause I'm tryna get you
Alone alone alone
You alone alone alone

I hope your cool with that
Just you and I girl.
