

Doorbell

Trey Songz

Ding dong, ding dong, oh
Ding dong, ding dong, oh

Ding dong, ding dong
Ding dong

Guess who's coming to dinner tonight?
You're gon' be a part of my meal tonight.
Believe the body baby, I wanna bite,
Trench coat over that skin tonight.
Baby, it's not a mystery,
I want you on top and kissing me.
Cause I've been waiting all night long,
To get your love, let's get it on.

I want you baby,
I said you, baby (you baby).
Tonight (tonight).

Your look got a nigga' so ready (yeah).

Put my lips all over you,
Wanna put on a show for you.
This bedroom is my Colosseum.
Ring my bell I'll let you in.

I'm a get you naked, baby
My love will drive you crazy
Let's dance slow
Baby you gon' know when you ring (ring)
My doorbell (ring), my doorbell (ring)
Give you that ding dong, ding dong
You want that ding dong, ding dong

Guess who's coming to breakfast today?
Dressin' all around with them pretty legs
Sunny side up, eat it up like some egg's.
Cause there ain't nothin' better than morning sex.
Girl, it ain't a mystery,
I want your lips kissing me.
Cause I've been waiting all day long,
And I'm gon' tear your body up.

I want you, baby.
Damn right, I said you, baby.
Right now
Girl, you got a nigga' so horny (girl).
Put my tongue all over you,
I wanna put on a show for you.
This bedroom is my Colosseum.
Ring my bell I'll let you in.

I'm a get you naked, baby
My love will drive you crazy
Let's dance slow and
Baby you gon' know when you ring (ring)
My doorbell (ring), my doorbell (ring)

Give you that ding dong, ding dong
You want that ding dong, ding dong

Girl, I pull up the gate, baby, don't be late,
Cause I've been waiting all this time for you.
And baby, when you pull up to the drive way,
And walk your way up the stairs,
Push that button and ring my bell.

I'm a get you naked, baby
My love will drive you crazy
Let's dance slow
Baby you gon' know when you ring, (when you ring)
My doorbell (ring), my doorbell
Give you that ding dong, ding dong
You want that ding dong, ding dong

Naked, baby
My love will drive you crazy
Let's dance slow
Baby you gon' know when you ring,
My doorbell (ring), my doorbell
Give you that ding dong, ding dong
You want that ding dong, ding dong
