

We were so dumb in love
Couldn't get enough, no
But I could've loved you so much better
And I can't believe you never walked out
And it's not your fault

That I fumbled your heart
Should've let go of my past for you
You did everything I asked of you
Drove across the country if I asked you too
But I'm just bad for you
I fumbled your heart
I'm bad news, yeah I'm just bad for you
I'm bad news, I fumbled your heart

Girl you used to feel so pound my heart
I wish we could touch some more
I'm sitting, working on this letter
The first line I write, I was wrong
So wrong, so wrong, so wrong, so wrong
And it's not your fault
So wrong, so wrong, so wrong

That I fumbled your heart
Should've let go of my past for you
You did everything I asked of you
Drove across the country if I asked you too
But I'm just bad for you
I fumbled your heart
I'm bad news, yeah I'm just bad for you
I'm bad news, I fumbled your heart

It's all or nothing
Give you my all or nothing
Want all of you or nothing
I'm sorry that I messed up girl
Really love you, really really love you
Now that I know I love you
I'll never love another girl
And it's not your fault

That I fumbled your heart
Should've let go of my past for you
I should've let go
You did everything I asked of you
Drove across the country if I asked you too
Never asked you to, I'm just bad for you
I fumbled your heart
She said I ain't gonna change
Ever since the day we met
And her mama said the same
I dropped the ball I'm so ashamed
I'm bad news, real bad news, I fumbled your heart
