She talk the talk walking like a supermodel  
She super bad,she super super bad  
Oh the way she dance, got every man eyes  
Zoomed in on her body that every man tried  
To have her heart, 'cause she ain't feeling no  
I got her heart, she's killing them  
I'm holding on baby girl don't let me go  
She love this song so she gotta rest on the floor

Now the ladies go wild  
Now the ladies go wild  
Throw that body all around  
And the ladies going wild

Hold up a minute 'cause I ain't finished  
She got that work I give her the business  
Uh the way she move I know that all the dudes  
They want her heart, but she ain't feeling them  
I got her heart, she's killing them  
I'm holding on baby girl don't let me go  
She love this song so she gotta rest on the floor

Now the ladies go wild  
Now the ladies go wild  
Throw that body all around  
And the ladies going wild

Pull up that skirt, take off that shirt  
Let me see you dance with your sexy ass  
Ladies go wild  
Ladies,ladies go wild

Ladies,ladies go wild  
Ladies go ladies go ladies go wild  
Ladies go ladies go ladies go wild

Ladies go ladies go ladies go wild  
Ladies go ladies go ladies go wild  
I'm holding on baby girl don't let me go  
She love this song so she gotta rest on the floor
