

# Neighbors Know My Name

Trey Songz

Soon as we get started makin' love goin' harder hear a  
(Knock knock) knocking on the wall,  
And as soon as I go deep getting it in then again there's a  
(Knock knock) knocking on the wall,  
Girl your legs keep shakin' I swear we breakin' our new headboard, headboard  
And the love we made it feels so good girl  
You know I'm proud lookin' in your lovely face scream my name you do it so loud

I bet the neighbors know my name  
Way you screamin' scratchin' yellin',  
Bet the neighbors know my name  
They be stressin' while we sexin',  
Bet the neighbors know my name  
My name my name  
I bet the neighbors know my name  
My my my

Take this pillow right here (grab this)  
And I know you're so excited if you bite it they won't hear  
And you know, jus' what we capable of, when we makin' love  
So the music gone be loud, you gone scream and shout  
Girl your body's a problem, they call me the problem solver  
Let phone sit on the charger, it could ring all night  
They can call, they can knock, and be upset, but I bet

I bet the neighbors know my name  
Way you screamin' scratchin' yellin',  
Bet the neighbors know my name  
They be stressin' while we sexin',  
I bet the neighbors know my name  
My name my name, name  
I bet the neighbors know my name  
My my my

While I be bangin' on yo body, they be bangin' on our wall  
While they dreamin', you be screamin' now they bangin' on our door  
Sometimes she call me trey, sometimes she say Tremaine  
When it's all said and done bet the neighbors know my name  
Sometimes she call me trigga cause I make her body bust  
They might think my name is "oh shh" I make her cuss

I bet the neighbors know my name  
Way you screamin' scratchin' yellin',  
Bet the neighbors know my name  
They be stressin' while we sexin'  
I bet the neighbors know my name  
My name my name, name  
I bet the neighbors know my name  
Neighbors know my name  
I bet the neighbors know my name  
Way you screamin' scratchin' yellin',  
Bet the neighbors know my name  
They be stressin' while we sexin'  
Bet the neighbors know my name  
My name my name, name  
I bet the neighbors know my name

The way you scream my name (the way you scream my name)  
Whoa, girl the love we made (girl the love we make)  
Gone keep on bangin' on the wall, but nothings gonna change  
I bet the neighbors know my name
