

# I Try So Hard

Tribal Ink

Hear the voices in my head  
I pretend it's all okay  
(Hear the voice that's in my head)  
Always

When you consider a war  
Cos you don't get what you want to  
Remember the fact  
You don't know what I'm in for  
Squeeze the hex you breathe in me  
And there's nothing we deny ya

Hey, don't try to understand  
They take the upper hand  
(Do you hear the voices in my head?)  
Always  
(Always, oh yeah)

I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside  
I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside

Here, I'm locked inside my head  
You can't help me understand  
(Do you hear the voices in my head?)  
Deny the things I say, always

When you dream of a fan  
Cos you don't know where they come from  
Consider the facts  
When they're moving in behind ya  
Squeeze the hex you breathe in me  
And there's nothing we deny ya

I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside  
I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside

Do you hear the voices in my head?  
Do you hear the voices in my head?  
Do you hear the voices in my head?  
Do you hear the voices in my head?

I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside

I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside

I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside  
I try so hard but I can never find  
The answers lost upon the other side  
I'm spinning out before I'm blowing out  
Didn't mean to break in on the outside
