

Try to be me

Tribal Ink

You look down to me,
cause I'm a poverty.
But you cannot see,
Woman's wish is a wanna be.

Then it comes to you,
They wanted you
Wanted all to write
She is something you cannot try.

Don't follow me,
Don't cover me.
just leave me be.
(Wanna be)
Don't try to change,
to somethin you aint.

Don't even try,
try to be me.
Why don't you see the irony.
Oh, you wanted to be me.
But I don't wanna be.

You wanna go away.
But I can't be out today.
I'll just be a run away.
Bounce around like a ricochet
I walk 100 miles,
And watch the time fly.

Don't need an alibi.

Can't follow me,
Can't comfort me.
Can't wanna be.
Don't try to change,
to somethin you aint.

Don't even try,
try to be me.
Why don't you see,
the irony of you.

Wanting to be me.

Wanna be, Wanna be, Wanna be, Wanna be,
Wanna be
Try to be me
Why don't you see the irony
oh you wanted to be me
try to be me
Why don't you see,
the irony
oh you wanted to be me,
I don't wanna be
