

## Island Girl

Tribal Seeds

Oh girl, love you more than you know  
Oh girl, your love draws I in so close  
Island girl, love you more than you know  
No my love can't be bought nor sold

Under the moon-lit night, the stars so bright  
Laying with you, waiting for the morning light  
Just to rise up, like the sun rise  
To blaze fire, as the love in your eyes

Oh girl, love you more than you know  
Oh girl, your love draws I in so close  
Island girl, love you more than you know  
No my love can't be bought nor sold

Easy is the stream of the water  
Easy is the mood of I love towards you  
Pleasing when we're chilling in the nature  
Take a ride in the ocean  
Oh I say whoa, see it in her  
Eye say whoa
