

# Have My Cheese

Trick Daddy

The game done switched  
Niggas who was po' got rich  
Niggas who was real turned snitched  
Ain't that a bitch?  
That's why I get mine on the low  
Hustle 'til a nigga can't ball no mo'  
Fall to the flo'  
Cause the shit don't stop  
Shit get real right here, Money Mark  
J to the Dot  
I make shit hot  
I don't even really wanna hear what you got  
Just sign me right when I come for my cheese  
Ain't too many niggas down like these  
Stand right there while I count my B's  
If anything missin' get a hole in your knees  
Freeze  
I might talk low but I don't stutter  
Hot ones go right through like butter  
If you feel like a big dog, bite don't ball  
Hell, you can get it too if I pull your card

Nigga don't be fuckin' wit' my cheese  
You know I'm 'bout my B's  
You better have my cheese  
'Cause I go crazy

I keep flow plus hoes on the side of me  
Plus I'm playin' these noodles like ivory  
I make 'em ride for me  
Tounge kiss 'em make 'em die for me  
I get their cheddar then I'm outtie, see  
I'm fien to seen all means for the dough  
Chop a nigga down if my greens don't grow  
Y'all know about flow  
So niggas stop puttin' up a front  
And give a muthafucka what he want  
'Fo you end up in the trunk of the dunk witcha hoe  
Layin' on my hot ass amps like "oh"  
Nigga think it's a game  
Remember Money sparks the name  
And it ain't no thang to do a nigga 'bout change  
See I love money man  
If cane involved then nigga you a lost cause  
Shit, I'll hit you with my razor blade  
Cut off your balls  
Sit you in some alcohol  
(Aaaah!) Oh Lord!

Nigga don't be fuckin' wit' my cheese  
You know I'm 'bout my B's  
You better have my cheese  
'Cause I go crazy

I gotta get me fa sho the whole 9  
So when the sun hit me they say "whoa now"  
"He done blowed now"

"J.V. outta control now"  
And if they didn't bet they know now  
And I don't floss but you gotta know it cost  
Don't like the boats but you know I'm goin' off  
You know who the boss  
Who gon' win and who lost  
And when it's by J.V. you know I want it all, hmm  
Is they in love with the dubs or the lex?  
Or do they know I'm just as good as it gets?  
You wanna go next?  
If so we can hit it  
Long as you know J.V. out to get it  
'Cause when it's 'bout my cheese - I'ma clown for mine  
If it's B's or it's G's - I gets down for mine  
Bust rounds for mine  
Put you face in the ground for mine  
I'ma hound for mine  
Hell bound for mine

Nigga don't be fuckin' wit' my cheese  
You know I'm 'bout my B's  
You better have my cheese  
'Cause I go crazy

Go crazy, go crazy, go crazy, go crazy, go crazy, go crazy

'Cause I go crazy, go crazy, go crazy, go crazy, go crazy  
[repeat until fade]
