

# Antimatter

Tricky

Tricky & Costanza:

I'm antimatter  
I don't matter  
Cancer phones  
Break my bones

I'm illusion  
Sonic solution  
Magic mind  
Sonic pollution

I just detox  
I just see lots  
I see nothing  
Show me something

We go round and round  
We make it safe and sound  
I try to break it down  
Alright  
(2x)

I have visions  
Homosapiens  
Fast I've grown  
I think alone  
I'm confusion

Evolution  
I'm in man cub  
Institution  
I move forward  
I make awkward

I just jump jump  
I just thump thump

We go round and round  
We make it safe and sound  
I try to break it down  
Alright  
(2x)

I evolve  
Then dissolve  
Maintain my laws  
'til April falls

My sea runs red  
My trees are dead  
My breath runs short  
Please report

Is there someone out there  
Is there someone out there  
Do you receive me  
Do you receive me

We go round and round  
We make it safe and sound  
I try to break it down  
Alright  
(repeated)
