Tricky

Rodigan:

Real gangster ...

In a leather trenchcoat, made in Milano

Black leather felt disguise me my skin

... dark night..., Tricky and ...

It's time for a drink, so we go in a casino

From the busted (?) door we see guys, they team up

Me's a scarface (?), and a girl from Reno

Drink ... and a guy can't sneak up

... lean up

... clean up

clean up, speak up, before it gets serious

female singer:

There's no exit

I can't stand still

Keep on running

(repeated)

Tricky:

...

London, Jamaica, Bristol, Manchester ...

...

I don't care ...

Life's to touch (?)

...

female singer:

There's no exit

I can't stand still

Keep on running

(repeated)

Tricky:

... come in a club
