

Come To Me

Tricky

Wait up babe, how you doing?
My name is Phil I live across
I'm very soft, like a glove
Love the yellow (?) strings

Or (?) seams
I'll buy you (?), I'm silly famous
I'll briefly change and almost taken
And by the way I'm half Jamaican

You don't like boys, I'm not like them lot
Let's take a trip, we'll go to Kingston

Come with me, relieve your stress
Come to me in the summer dress

I, I, I, I pass my time in the sun
(Come to me in the summer dress)
I, I, I, I pass my time in the sun

My summer days, we'll swim again
We can walk so many ways

I, I, I, I pass my time in the sun
(Come to me in the summer dress)
I, I, I, I pass my time in the sun

We'll smoke weed where no-one tells
A drink of wine, we'll be back well
You sing to me, I choke a glance
See these clouds I'm falling on

Come with me, relieve your stress
Come to me in the summer dress

I, I, I, I pass my time in the sun
I, I, I, I pass my time in the sun

Come with me, relieve your stress
Come to me in the summer dress
Come with me, relieve your stress
Come to me in the summer dress

Come with me, relieve your stress
(I, I, I, I pass my time in the sun)
Come to me in the summer dress

Come with me, relieve your stress
(I, I, I, I pass my time in the sun)
Come to me in the summer dress
