

## Dear God

Tricky

Dear God

I hat to be a bother, but I gotta say  
This world is getting crazier with every day  
I hope You'll hear me out now as I stop and pray

Dear God

People take your words and try to twist them round  
I know You can't be happy with what's goin' down  
I'm searchin' for some answers, but they can't be found  
Can You help me out, dear God?

Dear God

Just the other night I heard somebody say  
What's the use believin' in You anyway?  
I guess it was just heartache talkin' through the pain  
It's a cryin' shame

Dear God

I know You're disappointed in the things we've done  
Can't they see the truth that they're all running from?  
Try to preach You message with a loaded gun  
What they thinkin' of, dear God  
Everybody's searching for an easy solution  
They can't see beyond, the selfish world they're living in  
Your words of love get lost, in all the confusion, yes they do  
But I still believe, someday you're gonna speak to me

Dear God

I know You've got a million other calls to take  
You're dealing with a lot of things that just won't wait  
But there is one request that I just gotta make

Dear God

Won't You send a sign down, just to ease my doubt?  
I'm trying to hear You, but the silence is so loud  
I think I see a rainbow from behind the clouds  
And I hear You now, dear God
