

Every Day

Tricky

I am nothing, I move through walls
I'll make thunder when the night come
I'm full moon and the earth rotates
I am Adam and Eve she waits
I'm forsake, I'm the bird that flies
I'm the low tide and the sun that rise
I am plane in your friendly sky
I fly on the wings and the promise it brings
I am hope, I'm the noose and rope
I'm life, I'm death, I'm your last breath
I'm seasons, I'm reasons, I'm why you should end
You hate me you love me, I'm your best friend
I'm earthquake and deep lake, the fish that swims free
Straight to your plate, you can eat me
I'm everyday, I'm everyday, I'm every day
I'm everyday, I'm everyday, I'm every day
I'm everyday, I'm everyday, I'm every day
I'm everyday, I'm everyday, I'm every day
