

Evolution Revolution Love

Tricky

Tricky:

Now that you got it right
Bring love and it'll make it alright
Bring love and we'll take it tonight
Now that you got it right
Who wants the sinner
Coming round for dinner
Who needs effects
Who needs to pay for sex
When they drop the bomb?
Who will stay calm
Blood would spill
Who would you kill?

Ed Kowalczyk:

Now that I understand this right
Let me take it to the mike
This revolution
(Has just begun)
Has just begun
Now that I understand this right
Let me take it to the mike
This revolution
Has just begun

Hawkman:

Walking down the road with my liquor and gun
Top of my gun, cock it for fun
Block on your tongue
Top of my earth
Tip of my birth
Top of my depth
Tip of my breast
Top of my chest
Tip of my guess
I've got the singles
I got the jingles
Bet you eats pringles
Walking on the road with my liquor and gun

Ed Kowalczyk:

Now that I understand this right
Let me take it to the mike
This revolution
(Has just begun)
Has just begun
Now that I understand this right
Let me take it to the mike
This revolution
Has just begun

Tricky:

Stepping on the street with my little rude girl
Tip of my toes
Top of my world
Top of my world
Tip of my earth
Top of my rock
Tip of my block
Now that you got it right
Bring love and I'll make it alright

Bring love and we'll take it tonight
now that you got it right
Ed Kowalczyk:
Now that I understand this right
Let me take it to the mike
This revolution
(Has just begun)
Has just begun
Hawkman:
She was born in the ghetto
outside the bronx
in a project blocks
where time stands still
it don't tick it don't tock
Top of my sun
Tip of my lung
Top of my chest
Tip of my breast
Top of my earth
Tip of my rock
Walking on the road
With my soul in my hand
Tip on my toes
Top of my spine
Ed Kowalczyk:
