

## She Said

Tricky

She said, she said, she said, she said  
She said she could tempt me  
Both in rooms full or empty  
She said, she said  
Even night turn out the lights  
She said, she said  
"Pretend to know me, then show me"  
She said, she said  
She was a missed good night  
I wanted to share her vagina  
She said, she said  
Then we jumped in her car  
Went real far, after the pizza  
With Wendy and Lisa  
She said, she said  
Asked about Prince  
I left my fingerprints  
She said, she said  
Then I jumped in the car  
Go real far  
Jumped in the car  
Go real far  
She said, she said  
"Now I start fucking with drugs  
I got mugs"  
She said, she said  
Then we jump in the car  
And go real far  
She was just showin' me tanks  
Robbin' banks  
A new inflation bring migration  
"If you wanna be boy  
Don't send a decoy"  
She said, she said  
"Wait 'til dark comes  
Don't play with guns  
And kill the toys  
Don't play with boys"  
She said, she said  
"Let's go stress  
Then touch my breasts  
It's all yours, we finish tours"  
She said, she said  
Then we jumped in the car  
Went real far  
Jumped in the car  
Went real far  
She said, she said  
"Now I'm on the run  
Always weighs a ton"  
She said, she said  
"Dark brown eyes  
You wanna stroll with' eyes"  
She said, she said  
Takes lots of patience  
Then I lost my patience  
Acting like an actress

Killed her on the mattress  
She's dead, she's dead  
She's dead, she's dead  
Then I jumped in my car  
Went real far  
Jumped in my car  
Went real far  
Jumped in my car  
Went real far  
She's dead, she's dead
