

We Don't Die

Tricky

We Don't Die"
We don't, we don't
We don't die
We don't, we don't
We don't die
Far we go, away somewhere
Where we go, away don't know
Times not mine, we meet sometime
You rest in peace, your soul release
We don't, we don't
We don't die
We don't, we don't
We don't die
You won't dance alone, alone with me
Rest your head, enough's been read
Fly you fly, you're home, you're home
You swim in moon, you left too soon
We don't, we don't
We don't die
We don't, we don't
We don't die...
