

Now and forever

Triinu Kivilaan

I remember when we were young and free
Nothing could stop us we lived our life
Our love was growing from day to day
Now I can't believe it passed away

REFREN:

For now and forever you'll be in my heart
For now and forever just you
I'll never forget all the things that we share - moments we live
in love

Now I'm standing here all alone
Don't know what happened
Our love was strong
I can't understand why you gone
Please tell me why on my own
All these memories fill my mind
Now and till the end of time - forever
