

# All Around The World

Trijntje Oosterhuis

What will be will be  
baby loving you is free  
That's the way love is  
And it will always be

I wake up to the rhythm of this city life  
The radio is playing my favourite song  
Outside  
A brand new day has just arrived  
And now I realise my life has just begun  
And the flowers on the market that are always there  
They remind me of the feelings that we share  
With you  
Happiness comes easily, a simple melody  
The words to my song

All around the world  
People like you and me  
All living for love  
Like the changing of the seasons  
Seems to come so naturally  
That's the way love is  
It will always be

And now you know this time it feels like it's forever  
Who would have ever thought that I'd be writing you this song  
My life  
Has changed in almost every way  
Everywhere we go  
Your lovin' makes me free

What will be will be  
baby loving you is free  
That's the way love is  
And it will always be
