

Falling Out Of Love

Trijntje Oosterhuis

It's in the way you say my name
do i hear you voice it's not the same
And in your eyes
I can't help but see
a must different light than there used to be

You say hello and I wanne die
cause deep down I know that it means goodbye
I can't let go I just keep hanging on
do your standing there
your as good as gone
do your standing there
your good as gone

Are you falling out of love
Baby have you had a change of heart
Are you falling out of love
Tell me is there someone new
That your dreaming of
Are you falling out of love

Your finess smile was all it took
and you said it all with just a look
now sit here and you sit there
we just talk and talk
but we get nowhere
All we do is talk but we get nowhere
Are you falling out of love
Baby have you had a change of heart

Are you falling out of love
Tell me is there someone new
That your dreaming of
Are you falling out of love
Are you falling out of love

Baby have you had a change of heart
Are you falling out of love
Tell me is there someone new
That your dreaming of
Are you falling out of love
