No I don't wanna wait until tomorrow  
Just wanna live my life today, babe  
I've been living in confusion and in sorrow  
Why can't nobody hear me when I say  
I know there must be something out there  
I know, that can help me find my way  
'cause I'm in desperate need of some answers  
To my questions of today  
And I'm looking for blame  
Before it drives me insane  
I don't know any other way

I just wanna be free  
I'm in too deep  
It's not what I need  
There must be something better for me

See, there must be a light at the end of the tunnel  
It's written in the sky  
And maybe that I've been a little bit too humble  
And I often wonder why

I know, there must be other people who feel the way I do  
I know it's hard to understand me  
I don't wanna take it out on you

And I'm trying to find  
Where I should draw the line  
I'm a prisoner of this state of mind

I just wanna be free  
( I just wanna be me )  
I'm in too deep  
It's not what I need  
There must be something better for me

See I've got nothing to lose  
This is my life and I choose  
And I don't care if I fall  
'cause it's all or nothing at all

I just wanna be free
