

In This Together

Trijntje Oosterhuis

Look around you all you see
everything that's there yeah
It was made for you and me
for you and I to share
But do you care??

Every shade of blue and green
every breath of air yeah
all of this has always been
and may always be there
Do you care??

We're in this together, forever
So lend a hand where a hand is needed
however small it seems
it doesn't matter whatever
it's the little things that can change our lives
And make it right

Every step we take,
brings us closer to heaven or further away
it's a choice, we make
every day

Look around you all you see
everything that's there
Do you care??

Oh yeah, we're in this together, forever
So lend a hand where a hand is needed
however small it seems
it doesn't matter whatever
it's the little things that can change our lives
And make it right, oh yeah

So lend a hand in need, however small it seems
it doesn't matter whatever
it's the little things that can change our lives
And make it right
