

Mother's Love

Trijntje Oosterhuis

There's nothing like this at all
The unconditional
Mother's love
Never more beautiful
Feeling so spiritual
From above
It's such a miracle
Can't believe you have grown
Inside of me
I'll never feel the same
Since the day you came
Out of me
With all the joy you bring
You are my everything
So much love
Something I've never known
It's unconditional
Mother's love
This love will never end
You are my child my friend
Could this be
It's such a miracle
Can't believe you have grown
Inside of me
Much more than words can say
I love you more each day
What a love
Just can't stop singing this song
Loving has just begun
Mother's love
