

## My Angel

Trijntje Oosterhuis

Yesterday I found an old letter from you  
Full of all the plans we were dreaming of  
It made think about who I was before you  
A girl that didn't know a thing about love  
But you felt like a miracle, unconditional  
That's who you are

You must have been my angel  
You made me see how beautiful life can be  
You gave me wings my angel  
'Cause you believed in me

I can still remember everything you've told me  
Since the day I met you nothing feels the same  
I've got to thank you for everything you showed me  
Thank you for the many ways that I've changed  
'Cause you heard what I couldn't say  
You took my fears away  
And I won't forget

Now anytime this feeling starts  
I think about what you'd say or do  
Any time I feel the need to heal my heart  
All I have to do is think of you  
Yeah think of you

You must have been my angel  
'Cause you made me see how beautiful life can be  
You gave me wings my angel  
'Cause you believed in me

Na na na na my angel  
Na na na na how beautiful life can be  
You gave me wings my angel  
Be 'Cause you believed in me  
'Cause you believed in me
